

ECA DANCE DEPARTMENT

Be ready to have fun and show us how much you love to dance! Though many dancers will have had formal dance training, it is not necessary for admission into the ECA dance department. We are looking for great movers who are passionate, creative, willing to risk exploring new ways of moving and interested in learning more about dance and choreography.

1. For your review, you will be taking a dance class with other prospective ECA dancers. The dance class will be an hour and a half in length. It will begin with a modern dance technique class, with floor warm up, center and traveling movement phrases. The second part of the class is set aside for group movement improvisation and to work together in small groups creating a short dance. This is a time to show who you really are and to have fun jumping, turning, falling, moving and creating new movement. Instructions for improvisations and the group dances will be provided.
2. Ladies should wear leotards and tights or leggings. Gentlemen should wear tight fitting t-shirts, tights, running pants, gym shorts or sweat pants. If you do not have the above clothing, please wear comfortable 'work out' clothing. Hair should be pulled back off the face. We will dance barefoot. Please remove all jewelry that might get in the way of your dancing. There are dressing rooms for changing on the second floor.
